WHARF SPACE ISSUE

A. Stanley Hamilton consulted with the Board of Selectmen concerning loss of his wharf space at Mattapoisett Wharf. According to Mr. Hamilton, he purchased a boat in 1973 and asked to be put on the waiting list for a wharf slip. He stated that he gradually progressed from 27th to 1st of the list in May of 1975. ing the top of the list, Hamilton said he was assigned slip #16 and locker #26. His Boston Whaler occupied the space at the wharf for the entire 1975 season and the bill received for $20. for wharf space and $5. for the locker was paid to the town treasurer by check. Hamilton said that Norman Soares, wharf commissioner, now cannot find Hamilton's name on the list and had assigned the slip to another party. The contents of locker #26 have been removed, according to Hamilton, after the lock had been sawed off. He asked that the Board of Selectmen agree that he had been the victim of an administrative error and asked that they instruct the wharf commissioner to restore slip #16 and locker #26 to him.

The Board of Selectmen assured Mr. Hamilton that they would consult with Wharf Commissioner Soares regarding his complaint.

The Board of Selectmen discussed the matter of the wharf list after Mr. Hamilton departed the meeting. The Selectmen agreed that much misunderstanding could be avoided by publishing the list of those waiting for wharf space and having that list avail-

FISH ON THE WHARF LEASE TERMINATED

The Board of Selectmen has terminated the lease of Frank D. Sylvia d/b/a Fish on the Wharf as of May 26 at 10 A.M. The notice is to Mr. Sylvia and to Mr. Albert L. Lewis, III who subleases the business. The lease was terminated because of "breaches of the terms" of the contract. Mr. Lewis was given 30 days to remove his possessions from the property.

The Board also discussed the utilization of the building. They felt that with minor modification the rescue boat could be kept in it and additional locker space might be provided. It was felt that the building should be moved back toward the street to allow more space at the top of the boat ramp. The Board will consult with Manuel Nunes about the moving of the building.

PARKING FOR CHURCH STREET

Acting on a recommendation of the Traffic Committee, the Board of Selectmen took up the matter of Church Street parking. In fairness to businessmen, it was their decision to allow limited parking on the south side of Church Street between Baptist Street and Barstow Street. A 30 minute limit will be enforced for 24 hours a day for trial period of 60 days.

COUNCIL ON AGING AGREEMENT

Executive Secretary Stephen Lombard reported to the Board on the Council on Aging meeting held the previous Thursday. The Board was in agreement that a memo of agreement signed by Miss Emily Perry, representing the Council, with Robert Nunes, Legion Post #280 representative, should be honored. Mr. Lombard also signed the memo which was witnessed by Carol Philla. This memo of agreement stated the terms of the rental of the Legion Hall as worked out in discussion between Miss Perry, Mr. Nunes and Mr. Lombard. The Board of Selectmen instructed Mr. Lombard to inform the Council on Aging to honor the terms of the agreement and to ask that they appoint one member with authority to sign vouchers every week so that the bus driver can be paid.

her 2 A.M. closing hour.

Mr. Macy put the case for the country western establishment. According to the lawyer, $6280. has been lost in the 23 day period of the reduced closing which is now 1 A.M. since the 1st of May. He invited the Selectmen to look at the books. He said that King of the Road caters to an average over 30 crowd and is not a trouble spot. He requested that a selective closing hour be applied to town night places so that non-trouble spots could be awarded the 2 A.M. closing hour. He asked a trial period to determine results.

Chairman R. William Blasdale recounted the steps leading to the Board of Selectmen's decision for the 1 A.M. closing. He said Chief of Police Alfred Faria had provided the statistics of accidents, in public hearing, and establishments had been invited to reply. He said that the Board has acted to relieve a town problem.

Former Fairhaven Selectmen Victor Fleurent spoke for Mrs. Almeida. He said that the economic climate was critical and the loss of business to later closing clubs was a

MATTAPOISETT

The first grade classes visited the library, obtained a library card, and checked out a book. These classes began a plant science project by receiving sunflower seeds and instruction sheets supplied by the 4-H Club and the Cooperative Extension Service. During the summer the flowers will be grown by the students. Towards the end of summer, each child will be sent a self-addressed, stamped postcard to be returned to the 4-H office. The postcard will request sunflower project information such as date planted, height of plant, size of the flower head, etc.

The library will be open regular hours during Bicentennial Week. During that week the Bicentennial quilts will be on display.

Starting July 1st through the end of August the library hours will be extended to 38 hours per week by adding additional hours on Tuesdays and Thursdays.

Letter to the Editor

PROUD OF ELEMENTARY BAND

I write this letter as a proud parent who was fortunate to witness the spectacle presented by the Old Hammondtown School Band on Monday's Memorial Day Parade. As I watched the more than 100 youngsters, brilliantly garbed and sounding quite professional, I felt that more than a casual word of approval was merited.

Those youngsters did not just happen to play well, march with military discipline and look magnificient without the assistance and hard work of supportive and instructive staff. Mr. Medeiros has done a fine job in his instruction and his flair for perfection was found on each and every face of his students. They knew what he expected of them and did their best to please. Their performance did his instruction justice.

The thought of outfitting over 100 children in appropriate Bicentennial garb is staggering and yet, thanks to the effort of four mothers, sewing night and day, for who knows how long, the costumes were made and with very little expense to us parents. They looked wonderful. A grateful thank you to Mrs. Doro-

thea Pierce, Mrs. Thelma Vanstone, Mrs. Susan Hottel and Mrs. Nancy Gauvin.

To let the efforts of the people mentioned go unnoticed would be not only unfair but apathetic. It is this kind of community concern that makes possible events such as this parade and those to follow. Again, as a grateful parent I thank you for all your efforts that allowed all those children to truly shine.

Sincerely, Mrs. Barbara Belanger

RIVER RACE

There's a lot of waiting involved for spectators while the racing canoes snake down the narrow 12 miles of river, pond and swamp that is the Memorial Day Boat Race of Rochester. The two boys above relax and watch for the first glimpse of the furiously paddling boats. Top right - The team of David Watling of Marion and Brian Sherman of Rochester cuts a bow wave through the glassy water of the river as they race to a win in the time of 2 hours, 28 minutes and 50 seconds. The team repeated a previous victory and if they win once more will retire the James Hartley Trophy.

A great crowd of spectators followed the race which is visible at selected points along the winding waterway. Part of the throng can be seen in photo bottom left welcoming a finishing boat with cheers as they pull in following their finish at the Herring Weir in Mattapoisett. The Rochester Firemen's Association, which sponsors the event, does a brisk business at this location as the spectators visit as they down hot dogs from the Firemen's canteen. Lower right - Almost steaming with the sustained

exertion of the paddling this team does their refreshing thing as they roll into the cooling river. This dunking leaves the racers no wetter than they were before from slopping bilge water and flowing perspiration.

Almost 50 teams competed in the 1976 event. Second place was won by Roland Martin (Rochester) and Michael Martin (Acushnet); third was Steve Gillum (Fairhaven) and Glenn Lawrence (Rochester).

The Junior Division plaque was won by the Rochester team of Mark Hartley and Todd Ayotte who placed 9th in the race. Four girls' teams entered and the best effort was by the Rochester team of Maureen Hedges and Kathy Benner who came in 27th overall.

The contestants are started at "Grandma" Hartley's pond in timed intervals as they race the 12 miles. They may overtake and pass slower boats by tagging the stern of the boat in front which according to the rules gives way to the tagging team. All craft is homemade according to specifications which have been perfected over the years.

are some of our fellow citizens who regard this merely as a further restriction on their lives imposed by the government. Others regard it as interference in their ability to make a living or profit by the sale of land. On the other side of the coin are those who endorse anything that will prevent an increase in population become established, they want no more people moving in.

A quotation from a book by Peter Scott of the British Wildfowl Trust perhaps puts conservation in reasonable perspective:

"Whichever way we turn, whichever method we use, conservation is time-consuming and expensive. Is it really necessary? In many ways the environmental pollution and degradation which threaten various forms of animal life is also of immediate consequence to man himself. We have no moral right thoughtlessly to destroy something we cannot replace, the more so, if our descendants might utilize it and enjoy it.

"All arguments except the moral one are basically selfish in that they involve benefit to man. This brings us back to our initial statement that man made conservation necessary. And it is the present failure of man to control his own skyrocketing population that lies behind all the present threats of pollution, degradation and extinction of wild animals. It must be remembered, too, that a child born in an advanced technological country will consume and pollute something like fifty times as much as a child born elsewhere."

A little sober reflection on the above will make even the most selfish citizen realize that if we don't do a little long range planning we will have a town that looks and smells like Chelsea, and a harbor like Hong Kong.

time to give our government a worthy birthday present-an ideal society," Mickelson said. "We would like America to begin its third century with a society that will not make mistakes and will enjoy unrestricted progress and harmony. People will always start TM for the personal benefits the program offers. But what we have found is that when one percent of the people of a community begin practicing the TM technique the crime rate and sickness rate falls", Mickelson said. "The technique seems to produce an effect on the community as a whole."

"Hundreds of laboratory experiments have been conducted during the past decade showing that the TM program beneficially lowers metabolic rate, lowers anxiety and frees creative energy, Anderson added. "At the same time it creates a great increase in the harmony of the functioning of the brain. This effect is associated with a more highly evolved nervous system."

Mickelson stated: "We would like to see Fairhaven be the first community to be an ideal society. There are now 84 people meditating in Fairhaven. We would need only 76 more to reach the one percent level. Statistical re-

*Years ago, Sharkey's, along with other farsighted independent tire dealers in other states, founded Hercules Tire Company. As an independent set up wholly to service its owners, Hercules doesn't have a $500,000-a-year Board Chairman, multimillion-dollar national advertising or even a blimp — all expenses other tire companies must build into their tire prices.

What Hercules does have is its own Test Facility to be sure the tires we distribute are equal to or better than the best heavily advertised brands...its own Engineering and Research to keep abreast of the latest developments and improvements in tire design, safety and manufacturing techniques.

We know our Hercules tires equal or exceed all well-known brands. We know, too, that our unique position as co-owner of our own tire company makes it possible for Sharkey's to really "sell the best for less"!
